Subject: Preparation for call with Powertech

Hi Omar and Rick,
Do you have any questions related to ESA mitigation measures, the Class III permit or the Class V permit that you would like to ask Powertech when we call them soon (per Darcy's email)?

Since we have to talk with them anyway, it might be helpful to have them walk through the comments they have on the mitigation measures so we know how to response to the comments or reword the measures.
Thanks!

Valois
